Herewith declare that the following products:

Air handling units RIRS HE...
Air handling units RIRS HE...EKO
Air handling units RIRS HE...EKO 2.0
Air handling units RIRS HE...EKO 3.0
Air handling units RIRS HW...
Air handling units RIRS HW...EKO
Air handling units RIRS HW...EKO 2.0
Air handling units RIRS HW...EKO 3.0
Air handling units RIRS PE...
Air handling units RIRS PE...EKO
Air handling units RIRS PE...EKO 3.0
Air handling units RIRS PW...
Air handling units RIRS PW...EKO
Air handling units RIRS PW...EKO 3.0
Air handling units RIRS VE...
Air handling units RIRS VE... EKO
Air handling units RIRS VE... EKO 2.0
Air handling units RIRS VE... EKO 3.0
Air handling units RIRS VW...
Air handling units RIRS VW... EKO
Air handling units RIRS VW... EKO 2.0
Air handling units RIRS VW... EKO 3.0

On the own responsibility, are developed, designed and manufactures in accordance with the following EC Directives:

Machinery Directive 2006/42/EC
Low Voltage Directive 2006/95/EC
EMC Directive 2004/108/EC

The following standards are applied:

LST EN 60204-1:2006 Safety of machinery. Electrical equipment of machines. General requirements.
ISO 12100-1:2003 Safty of machinery. Basic concepts, general principles for design.
LST EN 60335-1:2003 Household and similar electrical appliances. Safety. Part 1: General requirements.
LST EN 61000-6-2:2005 Electromagnetic compatibility. Generic standards. Immunity for industrial environments.
LST EN 61000-6-3:2007 Electromagnetic compatibility. Generic standards. Emission standard for residential, 'comercial and light-industrial environments.

The compliance with EMC Directive 2004/108/EC is valid if the product is connected directly to the main supply. If the product is integrated in a system with other products (e.g. other controllers) the system manufacture is responsible for compliance with EMC requirements of the complete system.

The CE marking is affixed on the device according to the EC Directives.
